SEVERE WEATHER TERMS TO KNOW

Natural disasters most likely to occur in Louisiana, particularly in low-lying areas bordering the Gulf of Mexico, include hurricanes and flooding due to heavy rains. residents should be familiar with several terms that describe severe weather conditions:

Storm Surge: An abnormal rise of the sea along a shore as the result, primarily, of the winds from a storm.

Watch: Adverse conditions are **possible** in the specified areas of the WATCH, usually within 36 hours. May be applied to thunderstorms, tornadoes, floods, or hurricanes.

Warning: Adverse conditions are **expected** in the specified area of the WARNING, usually within 24 hours. May be applied to thunderstorms, tornadoes, floods, or hurricanes.

MEASURING HURRICANE STRENGTH

The Saffir-Simpson Hurricane Scale

- Category 1: Minimal damage. Winds 74-95 mph.
 - Storm surge generally 4-5 ft. above normal.
- **Category 2:** Moderate damage. Winds 96-110 mph.
 - Storm surge generally 6-8 ft. above normal.
- **Category 3:** Extensive damage. Winds 111-130 mph.
 - Storm surge generally 9-12 ft. above normal.
- **Category 4:** Extreme damage. Winds 131-155 mph.
 - Storm surge generally 13-18 ft. above normal.
- **Category 5:** Catastrophic damage. Winds greater than 155 mph.
 - Storm surge generally greater than 18 ft. above normal.

PHASED EVACUATIONS

During a threat of a hurricane, a phased evacuation will be based on geographic location and time in which tropical storm winds are forecasted to reach the affected areas.

Phase I - 50 hours before onset of tropical storm winds. Includes areas south of the Intracoastal Waterway. These areas are outside any levee protection system and are vulnerable to Category 1 and 2 storms. These areas are depicted in RED on the Evacuation Map. During Phase I, there are no route restrictions.

Phase II - 40 hours before the onset of tropical storm winds. Includes areas south of the Mississippi River which are levee protected but remain vulnerable to Category 2 or higher storms. These areas are depicted in ORANGE on the Evacuation Map. During Phase II, there are no route restrictions.

Phase III - 30 hours before onset of tropical storm winds. Includes areas on the East Bank of the Mississippi River in the New Orleans Metropolitan area which are within the levee protection system but remain vulnerable to a slow-moving Category 3 or any Category 4 or 5 storm. These areas are depicted in YELLOW on the Evacuation Map. During Phase III, Certain routes will be directed and the Contraflow Plan implemented.

TRAVEL REIMBURSEMENT

Reimbursement for travel via POV is paid based upon current DOD reimbursement standards

Authorized UP TO 2 POVs (Based upon Member & # of Depns)

Mileage is paid base upon the DTOD – not necessarily actual mileage

If you were required to procure commercial transportation, in conjunction with the directed evacuation you are authorized reimbursement of the actual expenses incurred for that commercial transportation.

SPLIT DISBURSMENT

"Approving Official will ensure each Government Travel Charge Card (GTCC) holder's claim "split-disburses" directly to Citi Bank for the balance of the member's account at the time the claim is submitted for settlement. Any remaining balance will be electronically paid to the member's direct deposit account. Non-GTCC holders will have all reimbursements paid to the member's direct deposit account."

DOES LEAVE CHANGE MY ENTITLEMENTS??

Meals & Incidental Expenses (M&IE)

M&IE is not paid while in ANY type of leave status Lodging will be reimbursed IF

 member executes leave to Dependents safe haven location away from his/her work location

AND

- receiving per diem to cover lodging expenses at the work location AND
- returns to the work location upon completion of leave
- If lodging is secured on a weekly/monthly basis, the daily lodging-cost is computed by dividing the monthly/weekly cost by the number of days the member is entitled to the lodging portion of per diem (62 Comp. Gen. 63 (1982)).

PREPARING YOUR ANIMALS

Making plans for your family is extremely important. your life, too! Don't forget to plan for the animals.

The location of your evacuation destination may or may not accept pets, so call ahead and check. Animal shelters will be set up in various parts of the state on an "as-needed" basis. The Louisiana Department of Agriculture & Forestry works year round with the Louisiana State Animal Response Team (LSART) to provide sheltering opportunities. Species-specific disaster preparedness advice is available at www. lsart.org.

Create a disaster readiness kit for your animal that includes food, water, first aid supplies, feeding supplies and osther items that are necessary to keep your animal comfortable for at least 3-5 days.

Remember, animal ownership is a responsibility! be ready to take care of your whole family.

FURNITURE RENTAL

You can rent furniture for your evac rented apartment or home but the furnishings have to be considered necessities. Each Dependent can be authorized what is considered to be necessary.

NECESSARY RENTALS

- Living room set (couch, chair, end table, television (NTE 27 inches), TV stand, and lamps.
- Bedroom (bed, nightstand, dresser, mirror, lamp)
- Kitchen (silverware, coffee maker, pots, pans, plates, bowls, etc., small kitchen table, chair set, refrigerator, stove and microwave
- Vacuum cleaner, washer and dryer

UNAUTHORIZED RENTALS

Examples of furniture that will not be reimbursed: Rental with the option to buy:

patio furniture picture frames

pictures plants
large screen TV radios
espresso machines rugs

excess numbers of lamps * furnishings for guests

Some rental agreements include options-to-buy clauses that result in the member and/or dependent(s) owning the rented item(s) at the end of the contract. IAW current regulations, members and/or dependents may be reimbursed for the cost of such a rental agreement, only if there is no other option.

If at the end of the contract, the member and/or dependent(s) exercise(s) the purchase option, the amount that is being credited toward the purchase will be recouped by the government upon the settlement of the final claim.

LODGING

We are aware that price gouging will take place. In order to protect our Service Members and Civilian Employees from this, we have authorized Actual Expenses for Lodging not to exceed 150% of the Max Lodging Rate.

Dependents can not be authorized the Actual Expenses. They will be limited to the Max Daily Lodging Rate at their prescribed TAD locations.

150% LODGING REIMBURSEMENT EXAMPLE:

New Orleans, Louisiana M&IE \$47.00 Max Daily Lodging Rate \$109.00

Step (1.) \$47.00 + \$109.00=\$156.00

Step (2) \$156.00 x 150%= \$234.00

Step (3) \$234.00 – M&IE (\$47.00)=\$187.00

The Max Daily Lodging Rate under the Actual Expense Rule would be \$187.00 a night.

Note: It is the Members responsibility to exercise prudence in spending the Governments money.

You can rent an apartment or home. Ensure that you inquire about a military clause. This will protect you from having to honor the remainder of your lease upon termination of the evacuation order.

If lodging with friends or family, there is no entitlement to a reimbursement in lodging. There will only be a daily M&IE reimbursement.

CIVIL SERVICE PER DIEM LIMITATIONS

An employee and his or her family are ordered to evacuate to a safe haven. When an employee is assigned official duties within the safe haven, the employee and his or her dependents continue to be eligible for evacuation allowances for first 30 days. Allowances drop to 60% & 30% on 31st day.

The employee is not considered to be on TDY travel, and is not eligible for TDY travel allowances under the FTR.

An employee and his or her family are ordered to evacuate to a safe haven. If the employee is later assigned official duties at a location other than the permanent duty station or the safe haven, then the new duty location becomes the employee's TDY location. Employees officially authorized to travel to a TDY location to perform official business are entitled to TDY travel allowances under the FTR. (See 41 CFR part 301.) Therefore, payments for the employee under 5 CFR part 550, subpart D, will cease when the employee begins his or her TDY travel assignment. However, the employee's dependents continue to be eligible for special subsistence allowances under 5 CFR 550.405.

PER DIEM / MEALS & INCIDENTALS (M&IE)

M&IE is your daily allowance for meals and incidental expenses. This rate is created by adding the local Meals Rate for the assigned TAD area and \$3.00 incidental. The intent of the \$3.00 incidental rate is to assist you in purchasing laundry detergent, linens, pillow cases, toothpaste, soap, etc...

- As a service member, you will rate the full rate of M&IE while at the TAD Location.
- Dependents over the age of 12 will rate the full M&IE while at the Evac Location.
- Dependents under the age of 12 will rate 50% of the M&IE while at the Evac Location.
- Service members continue to draw 100% PerDiem for duration of TAD

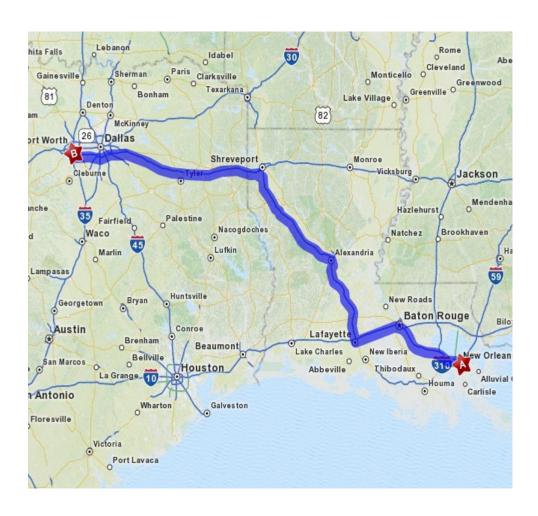

DEPENDANT LIMITATIONS ON PER DIEM

**Service members' dependents PerDiem rate drops on 31st day of evac.

Chapter 6 JFTR - On the 31st day, dependents over 12 will rate the M&IE at 60%. Dependents under the age of 12 will rate the M&IE at 30%.

PHASE III CONTRA FLOW INSTRUCTIONS (cont.)

I-59 North Contra flow Lanes

The northbound and southbound lanes of I-59, north of the I-10/ I-12/I-59 interchange, will be used as northbound lanes. On the Contra flow Plan, the normal northbound lanes are shown with PURPLE arrows and the Contra flow (southbound) lanes are shown with GREEN arrows.

BROWN Arrows (I-10/I-55 North to Hammond and Mississippi)

In LaPlace, the I-10 West (BROWN) lanes will be diverted to I-55 North toward Hammond and Mississippi. Traffic will not be allowed to continue on I-10 West at this interchange.

Study this map and CHOOSE YOUR ROUTE WISELY. There will be many restrictions on the Interstate system. Upon entering the contraflow area, it may not be possible to change routes. Contraflow operations will begin when evacuations are initiated in Jefferson and Orleans parishes. If you do not wish to evacuate under the contraflow restrictions, your best strategy is to LEAVE EARLY before contraflow is activated.

I-10 West Contra flow Lanes

The eastbound and westbound lanes of I-10 from Clearview Parkway in Metairie to I-55 North in LaPlace will be used as westbound lanes. On the Contra flow Plan, the normal westbound lanes are shown with BROWN arrows and the Contra flow (eastbound) lanes are shown with BLUE arrows.

All I-10 West entrances through New Orleans, Metairie and Kenner will be used in their normal manner to gain access to I-10 West.

I-55 North Contra flow Lanes

The northbound and southbound lanes of I-55 from I-12 in Hammond to the Mississippi state line will be used as northbound lanes. On the Contra flow Plan, the normal northbound lanes are shown with RED arrows and the Contra flow (southbound) lanes are shown with BROWN arrows.

Traffic traveling I-55 North (BROWN) will be diverted onto I-55 North Contraflow and will only be allowed to exit at two locations: Exit 47 (LA-16) in Amite and Exit 61 (LA-38) in Kentwood.

All traffic traveling on I-55 North will travel in the existing northbound lanes.
